My Homepage: <https://williamjayed.github.io/CV.html>

EDUCATION

Southwest Jiaotong University

Bachelor of Science

School of Mathematics

Sept. 2020 – Jun. 2024

Supervised by Prof. Zhongwei Yang

Cumulative GPA: 3.85/4.00 (Rank: 1)

CET-4: 504.

Southern University of Science and Technology

Candidate for Master of Science

Department of Mathematics

Sept. 2024 – Jun. 2026(expected)

Supervised by Prof. Yong Hu

Cumulative GPA: 3.65/4.00 (Rank: 6)

CET-6: 498.

My current research interests:

Arithmetic geometry and Algebraic geometry

- Rational points on algebraic varieties, especially the local approximation of rational points.
- Local-global principle, Brauer-Manin obstruction, descent obstruction and related topics.
- Rationality of algebraic varieties, and related problems of moduli and deformation theory.
- Arithmetic models of algebraic varieties, birational geometry and their application in arithmetic.
- Arithmetic of quadratic forms, Galois cohomology of linear algebraic groups and related structures.

RESEARCH EXPERIENCE

- Jie Wei. Very strong approximation for certain varieties. Master thesis (on progress), SUSTech.
- Jie Wei. A note of Harari-Voloch conjecture and arithmetic properties of Châtelet surfaces. Reading notes.
- Jie Wei. Rational points and arithmetic models of algebraic varieties, Seminar talks, SUSTech, 2025.
- Jie Wei. Representations of compact groups. Undergraduate thesis, SWJTU, 2024.

ACADEMIC ACTIVITIES

- Shenzhen, Nov. 2025, Southeastern Algebraic Geometry Symposium IX.
- Wuhan, Sept. 2025, Autumn School on Topos, Wuhan University, given by Caramello and Larfforgue.
- Beijing, from Jul. 2025 to Aug. 2025, the joint AMSS-PKU Algebra and Number Theory Summer School.
- Shenzhen, May. 2025, SUSTech Conference on Algebraic Groups and Arithmetic Geometry.
- Hangzhou, Mar. 2025, the Diophantine Days 2025, Westlake University.
- Xiamen, Nov. 2024, Introduction to Abelian Varieties, Xiamen University, given by Qing Liu.
- Shenzhen, Aug. 2024, SUSTech Conference of Number Theory and Arithmetic Geometry.
- Beijing, from Jul. 2024 to Aug. 2024, the joint AMSS-PKU Algebra and Number Theory Summer School.
- Xiamen, Jun. 2023, Mordell-Weil theorem, Xiamen University, given by Qing Liu.

WORK EXPERIENCE

- Fall 2025; SUSTech; Basic number theory; teaching assistant.
- Fall 2024; SUSTech; Linear algebra; teaching assistant.
- Fall 2023; CIB FINTECH; Research and Development Center; Chengdu Branch; C Language engineer, intern.

AWARDS

- Outstanding Academic Scholarship, SUSTech, 2025.
- Outstanding Graduate, SUSTech, 2025.
- Excellent Graduate of Sichuan Province, SWJTU, 2024.

SKILLS and HOBBIES

- **Programming and Software:** Python, Matlab, Latex, C++, Office, Mathematica, SPSS, SQL-Server, VS Code.
- **Daily hobbies:** Run, City Walk, Watch movies, Take photos.
- **Certificate:** PRC's Teacher Certificate; PRC's Driving license.
